## Senior Sessions

This is the most important element of the senior portrait, since this is where the images are actually created. All sessions offer a variety of expressions to show your personality. The amount of time we spend shooting affects how many final images you will have to select from. Generally, most sessions will result in 40-70 images, depending on Session choice. You will be offered a variety of posing, as well as a mix of color, black and white and sepia toned images.

Please arrive 10-15 minutes early for your appointment to give us time to review your clothing and get your paperwork in order. If you arrive late, your session will be shortened and the amount of images you receive will be reduced. If you arrive too late, we may need to reschedule your appointment.

It is IMPORTANT that you bring your clothes ironed and on hangers. The only alternative is to pay for the time it takes to remove the wrinkles in editing and that is costly!

Please bring a variety of styles and colors. Do not JUST bring different colors, also bring different styles. As for different colors..although you may look great in blue, a variety of colors will give us more options to create images that do not all look the same.

Our suggestion is to bring at least one dressy outfit. Also bring seasonal clothing. If your pictures are being taken in the summer, bring a winter outfit. Bring THEMED clothing..such as western, grunge, glam..etc. Have fun with your clothing and let it express YOU! Don't forget to bring an outfit that mom and dad like as well!

Bring accessories such as hats, belts, jewelry and shoes. Often putting a coat on over an outfit makes it look like an entirely new outfit without having taken the time to change your clothes. Parkas, jean jackets, leather and hoodies are all great looks.

Clothing that is tight or low cut will be exactly that in your pics. If you do not like that look, please adjust your clothing!

We offer both traditional and edgy portraiture to please parents and seniors!

All prints ordered include basic touch-ups, black and white, sepia and yearbook photo for school, if needed.
